G.O. No. 2583

Dated 6th June 58

[Despatch Abstract.]

Buildings - South Kanara District - Mangalore - Quarters of the District Superintendent of Police at Urva, - conversion of existing two rooms into flush-out latrines - Expenditure Rs. 975/- - Approved.

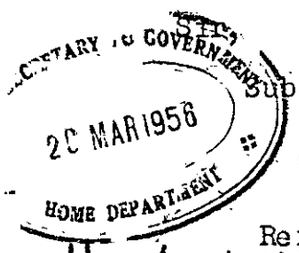
From

Sri V.R. Rajaratnam, B.A.,I.P.,
Inspector General of Police,
Madras.4.

To

The Secretary to the Government of Madras,
Home Department

RC.HB2/1772/56-1 dated: 28th March '56



Sub: Building Police - South Kanara district - Quarters of the District Superintendent of Police, South Kanara at Urva, Mangalore - Conversion of existing two rooms into flushout latrines - Sanction requested.

Ref: (i) Home Department memorandum No.116847/Pol.III/55-2 dated 5.11.55.

(ii) My letter Foc.HB2/2795/55 dated 22.11.55.

I submit herewith for reconsideration and approval of the Government plans and estimate for Rs.975/-(Rupees Nine hundred and seventy five only) for the conversion of the existing two rooms in the bungalow of the District Superintendent of Police, South Kanara into flushout latrines with soak pit.

2. The immediate necessity for the above work has been explained by the District Superintendent of Police, South Kanara in his letter RC.B/4338/56 dated 9.3.56. I entirely agree with the District Superintendent of Police and consider the work urgent and essential as there is no latrine in the quarters of the District Superintendent of Police to suit Indian Officers.

3. The above proposal has been included in the list of demands in the Civil works Estimate under Police Minor Works 1956-57.

4. The building is borne on the registers of the Public Works Department and the work will be executed by them. The expenditure will be met from the Civil Works Estimate under "Police Minor Works"

for Inspr.Genl.of Police.

Copy of letter RC.B/4338/56 dated 9-3-56 from the District Superintendent of Police, South Kanara, Mangalore to the Inspector General of Police, Madras.

Sub: Buildings - quarters of the D.S.P at Urva, Mangalore - Conversion of the existing two rooms into flushout latrines proposal.

At present there is no separate latrine attached to my quarters in Mangalore. The only latrine existing is located in the compound at a considerable distance from the main building and is actually used by the domestic servants. During the past, the arrangement was to utilize commodes in the two bathrooms upstairs, an arrangement that can hardly be described as satisfactory, and the absence of a satisfactory latrine within the building causes us great inconvenience. The construction of a flushout latrine in a partitioned portion of the two bathrooms upstairs is an urgent necessity.

Not in file

pp 5-6 ⑬

2. An earlier proposal was recently deferred on the report of my predecessor in reference RC..No.B.18214/55 dated 17.11.55 with reference to Government memo No.116947 Police III/55-2 dated 5.11.55 communicated with C.O. endt.RC.HB2/2795/55 d/- 12.11.55. In the Government reference cited, Govt. suggested that the proposal could be deferred unless it was considered very urgent. I am constrained to differ from the view taken by my predecessor and I consider that the proposal is urgent and cannot be postponed. I, therefore, resubmit the connected plans and estimate with the rent data statement for obtaining necessary sanction for execution of the work during early in the financial year 1956-57. I may add in this connection that this item of work has already been included in the list of demands for Police Minor Works during 1956-57, communicated in C.O endts. RC.HB2/4692/55 dated 11.10.55 and 3.11.55.

Not in file.

3. I submit that if Government sanction is secured for the proposal immediately, I can have the work pushed through at the begining of the financial year 1956-57 say in April 56 well before the monsoon sets in, in this district.

Buildings - Police - South Kanara district - Quarters of D.S.P., South Kanara at Urwa, Mangalore - Conversion of existing two rooms into flush out latrines

From the I.G. of Police, Rc.No. HB.2/1772/56-1 dt 28.3.56

The I.G. of Police has submitted for the approval of the Govt plans and estimate for Rs 975/- for the conversion of the existing ~~two~~ both rooms in the upstairs of the bungalow of the D.S.P., South Kanara into flush out latrines with soak pit.

2 The immediate necessity for the proposal has been explained at 'M' on p.1 c.f. The proposal was previously considered in Sept 1955 and deferred - Please see in this connection the mems at pp 5-6 c.f. of (B) and the I.G's letter at p.7 c.f. of (B). The I.G. has now ~~considers~~ stated that he entirely agrees with the D.S.P., South Kanara that the proposal in para 1 above is urgent and essential as there is no latrine in the quarters of the D.S.P to suit

p.1 c.f

'N' on p.1 c.f

Indian officers.

3. There is a proposal to draw up a programme for the gradual conversion of dry earth latrines into flush out latrines in the bungalows of all district officers including the Police officers in more important towns first and to extend it later to less important towns. However as it is reported that there is not even a dry earth latrine in the quarters of the D.S.P., South Kanara, it is for orders whether the D.C's proposal in para 1 on p.1 ante may be accepted. The one latrine existing is located at a distance from the main building and is actually used by domestic servants.

P.W and Finance may see for remarks.

Finance (Exps B)

(B)/DPS 6 CF

In Memo No: 11868/47 Pol III-55-2 Home dated 5.11.55 the I.G. of Police was informed of the policy of the Govt in regard to the provision of flush out latrines

to residential buildings and he was asked to state whether he still considers it absolutely necessary to pursue the proposal for the conversion of the existing two rooms in the bungalow of the D.S.P Salem Kanara into flush out latrines at an estimated cost of Rs 975/-. For the reasons stated at M appl cx, the I.G. has pressed for the proposal.

It is submitted that the policy of the Govt is to defer the conversion of dry earth latrines into flush out latrines in residential buildings. It may be stated that proposals for the provision of sanitary installations to the quarters of the Superintending Engineer, Trichy Circle and provision of flush out latrines to the quarters of the Collector of Salem and the D.S.P Salem Town were ordered to be deferred to better times. There are no special grounds to make any exception in the present case. Further as it has since been decided to draw up a programme for the gradual conversion of dry earth latrines into flush out latrines to the bungalows of all District Officers in more

important towns and to extend it to less important towns, the proposal under reference may take its chance in the general programme ~~If the proposal is agreed to it will create a very inconvenient precedent. This dept. may therefore advise against the proposal~~

S

28.4.56 This dept. may accept the proposal in the circumstances stated.

M (~~FOE~~) may see as we are going to issue orders on the proposal in advance of the drawing up of a programme for minor works.
